## **2. 3PGold.com to launch on January 31st**

3PGold.com is a new international company which I created for a group of investors who want to "Buy and Sell Gold - Around the World - Around the Clock." Gold is sold as an investment and to attain the 3Ps of Privacy, Protection and Profit in your financial affairs which are currently more available outside of the United State. Domiciled on the island of Dominica in the Caribbean, 3PGold.com will launch on Wednesday, January 31. Please join us on Day One with a minimum order of only \$1000.

## **3. Project TOTO in Washington DC on February 17<sup>th</sup>**

Is there anyone not aware of We The People Foundation's BIG (Washington) meeting on February 17<sup>th</sup>? Please note it has been moved to the Crystal City Hilton in Arlington to accommodate the large number of people planning to attend. I am happy to have made the Honor Roll and will be attending. In fact I will be staying at the Hilton on February 15, 16 and 17 so if you want to meet with me, please call NORFED and they will get us together. Meanwhile, you can register for the new, extended program plus lunch for only \$35.00 at [www.givemeliberty.org](http://www.givemeliberty.org). Lets have a show of force behind Bob Schultz' efforts.

## **4. New York Get Together on February 21st**

Can you believe it?! Yes, in addition to the Philadelphia Freedom Conference, I will be in New York on February 21 to meet Henry Albert D'Antonio who recently became a Redemption Center and anyone else interested in NORFED and its American Liberty Currency. Please contact Henry at [itsa2001@sol.com](mailto:itsa2001@sol.com) or the NORFED Fulfillment Office for more info. Hope to see you there.

## **5. Irwin Schiff on 20/20 - January 26<sup>th</sup>**

Well known tax activist and friend, Irwin Schiff, was featured on ABC's 20/20 edition by John Stossel on January 26. Irwin got the message out as no one does. And John seemed supportive. Further evidence of my long held opinion that the government and its media is behind the demise of the IRS. Among the long trail of media manipulations was last year's anti-IRS article that appeared in the USA Today's issue on April 13<sup>th</sup>. It all but said you will not get audited. And remember that the USA Today is a Granett paper and one of the CFR et al's most successful mouthpieces. Now I am not suggesting that Irwin, Joe Banister, Bob Schultz, millions of others, including myself, are agents of the government. Nothing could be further from the truth! Please! It is simply that our dearly beloved government has just blinked. Just like they did with Prohibition, cutout coin-jewelry, photographing US currency, and encryption last summer. They have realized that the jig is up and they must get rid of the IRS before there is a tax revolt if not revolution, the likes of which this country has not seen in over 200 years. Now that the people have expressed their will, the government must go with the will of the people. Thank you Irwin for leading the way so many years ago!

#### **6. Joe Banister on 60 Minutes in "April"**

Fellow Redemption Center and friend, Joe Banister has been contacted by CBS' 60 Minutes for a piece that will air in APRIL. What an interesting time for his interview. Note my comments above... Presumably it will focus on Joe's decision to resign from his position as a Special Agent in the Criminal Investigation Division of the IRS because he could no longer enforce the Internal Revenue Code as if payment was compulsory. Hey! We are winning again. And after we wrap up the IRS, we will be all oiled up and ready to return America to value by repealing the Federal Reserve Act - with a lot more than a Liberty Dollar at a time. All "A" series (approx. 100,000 Certificates) have been issued. New "B" series is now available. Good luck Joe. We wish you all the best with your special mission. May God be with you, and our great Country.

#### **7. Really good site about silver**

Are you interested in silver? Well, I am!. It is one reason why the NORFED Certificates are backed by silver. Now there is a really good site for those who want to investigate silver as an investment, which I strongly support. So I am happy to inform you that David Morgan, a fellow Redemption Center, silver enthusiast and friend has launched his site: [www.silver-investor.com](http://www.silver-investor.com). David is well informed, that's why he's a Redemption Center, very knowledgeable about the silver market and writes in a clear, easy to read style. Please check it out and let David know you heard about it from the NORFED NEWS. Good luck with your newsletter David!

#### **8. Finally - Easy Order Form for Redemption Centers**

Now you can simply click on the RC Order Form button on the home page for easy access to the Redemption Center Order Form. Just enter the four-digit account number for your RC and that's it. Easy. Thanks for your feedback on this change.

#### **9. Special half-price on ALC Brochures**

We still have some of the current four-color brochures available. As we want to bring out a new edition, we are offering these at half price for only \$0.05 each. That's right, only a nickel, which is below our costs. So, please call for a bunch and spread them around with your name on them so this good-will will come back to you and help grow your Redemption Center. Call Sarah or Michelle at 888.421.6181 now. They want a new brochure and need to find a home for these.

#### **10. Federal Deposit Insurance Corporation**

Have you stopped to read the new signs at your bank regarding the Federal Deposit Insurance Corporation recently? Following its name, it says: "Deposits federally insured to \$100,000 backed by the Full Faith and Credit of the United States Government." When in the hell did this government or any government deserve our faith? They are not God nor anything close to it! And what is their credit? To print worthless pieces of paper and force its debt upon the people? This is credit? My God what is debt!?

### **11. \$100 Bonus for the first RC in Delaware**

Do you know anyone in Delaware? Well if you do, please mention NORFED to them as we are making a renewed effort to establish the first RC in our nation's First State. NORFED is offering an extra \$100 in currency or silver for the first Delaware RC to sign up before the Philadelphia Freedom Conference.

### **12. Question of the Month:**

Can some American Liberty Checks be purchased on a credit card? As we explained last month, it is not possible to accept credit cards for the ALChecks. But upon further review, NORFED will accept up to 50% of an order for Credit Cards. In other words the value of the checks can not exceed the face value of the currency, not Silver Libertys, in the same order.

### **13. Quote of the Month:**

"Anyone may so arrange his affairs that his taxes shall be as low as possible; he is not bound to choose that pattern which will best pay the treasury; there is not even a patriotic duty to increase one's taxes." Judge Learned Hand, *Helvering v. Gregory* 69 F.2d 809, 810 (1935)

### **14. TEXAS Tour, Travel plans, personal, etc...**

In addition to Washington DC, Philadelphia, and New York, I will be spending most of March in Texas. Starting with an appearance in Dallas on March 3 & 4, I hope to see everybody (impossible) who is interested in a gold and silver currency and returning America to value - one Liberty Dollar at a time. If you are a RC and you would like to meet me, make a presentation to your group and help you grow your RC or you have a place for me to stay overnight, please drop me an email ASAP as my schedule is firming up already...

Thank you for reading this latest issue. With your continued support NORFED evolves towards its goal to repeal the Federal Reserve Act and return America to value - one Liberty Dollar at a time.
