### 4. **What's a Redemption Center to do?**

The most frequently asked question by a new Redemption Center is "Now, what am I suppose to do?" In answer, we have prepared a new Welcome Sheet for the new RC.

Please check it out in Appendix "A" for your own information.

### 5. **Private Digital Currency is here now**

Many thanks to Chris Athanas for this info about a new digital currency in Austin, Texas.

There is a new "cash card" that is loaded with a minimum of \$25 when it is bought at 7-Eleven. Although it is not a "Smart Card", as it has no embedded chip, it does function like cash as there is no ID, no SSN, no Credit Check, and you can use it on the internet or almost any store that accepts American Express. There is a 4% fee when money is transferred onto the card and then it works like a Debit Card but is completely anonymous. For more info visit:

[http://www.7-eleven.com/about/news/news\\_internetcardfaq.html](http://www.7-eleven.com/about/news/news_internetcardfaq.html)

### 6. **"End of Money" book by Richard Rahn only \$12.50**

I can only hope you might recognize the name, Richard Rahn, by now. His brilliant work has been featured in this Newsletter several times. Now you can get his cutting edge book on the future of money, The End of Money and the Struggle for Financial Privacy at half price for only \$12.50 from our friends at Laissez Faire Books: 800.326.0996 or [www.laissezfairebooks.com](http://www.laissezfairebooks.com). I

don't know if they accept The Liberty Dollar...yet...but if you don't ask you don't get...

## 7. **Redemption Centers of the Month**

This month it is our honor to acknowledge three Reception Centers who have blazed ahead and recently signed up dozens of "Liberty Merchants". Congratulations to Dale McAvey, Clayton Alfred, and Robert Olson for introducing The Liberty Dollar to so many more businesses and increasing its influence in the all-important market place. In addition to introducing the Liberty Dollar to merchants, please read Appendix "A" for the main focus of RCs. Thank you guys for your outstanding efforts.

## 8. **Question of the Month**

Jim Wade, a keen RC in Texas asks: What happens to the un-claimed silver at end of the 20-year term? The answer is: All unclaimed gold and silver reverts to NORFED to be used towards its goal to repeal the F\*R\* and IRS.

## **Quote of the Month**

"No man is free until he learns to do his own thinking and gains the courage to act on his own personal initiative." Napoleon Hill

## 9. **The Nick Jesson Story**

There is always more to the story than first appears. Nick Jesson of NTD Electronics was raided, that we know already, but what was the Franchise Tax Board (FTB) after? Why not the IRS? Now for the 'rest of the story', as Paul Harvey would say is presented by Nick himself in Appendix "B". And just as we get ready to email this, I understand that Nick has had all of his property returned, including his American Liberty currency. Good going Nick. What a RC! And thanks again for hosting Ed Griffin onboard your yacht.

## 10. **Back Orders and what is happening**

Why are there back orders? Success and just plain busy. You see as we get more RCs that begets more RCs, which begets more RCs. Kind of neat. But at the same time we are very busy upgrading our computer system, changing ISP, getting ready to launch an Affiliate Program to get even more RCs. It is just a simple fact that a lot more people are enjoying The Liberty Dollar and we have not increased the staff ...yet. Please bear with us as we "enjoy" the temporary growing pains. We promise to get your orders out ASAP if not sooner. Thanks for all your efforts and congratulations on your successes. May they bring about the repeal of the F\*R\* and the IRS sooner.

## 11. **Dull Silver takes on New Gleam**

As I hope you know, two reasons why silver was chosen to back The Liberty Dollar were because of its potential and that it is less controlled by the central bankers. Now there is yet another article which discusses the details of silver and why it should out perform just about anything else in the coming inflation. It is too long for the Appendix, please go to:

[www.herald-trib.com/2news.cfm?ID=45192](http://www.herald-trib.com/2news.cfm?ID=45192) for the complete article.

## 12. **New PC Game about the Federal Reserve**

EVERYONE A GREENSPAN is a new downloadable PC game which allows you to hone your skills as a central banker, courtesy of the Swiss National Bank:

### 13. **NORFED National Tour**

Wow! I have just returned from 12,000 miles in 12 weeks. I drove from Miami to Los Angeles via Texas, Indiana, Michigan, Minnesota, Kansas, Colorado, Utah...you get the picture...long trip...great meetings...lots of wonderful people...my son's graduation... a few days in Hawaii and then returned the southern route. If I missed you, I am sorry, as it will be a long time before I undertake such a tour again. If you live in New England please let me hear from you as I am wrapping up my three-year nation tour.

## **APPENDIX "A" What's a Redemption Center to do"**

### **Congratulations:**

Thank you for taking a stand to return America to value -

One Liberty Dollar at a time by becoming a Redemption Center.

Now, you may be wondering. "What the heck am I suppose to do?"

You are not supposed to do anything.

NORFED is different:

- No Dues
- No Meetings
- No Obligations
- No Time Requirements

You can do a world of good if you want to. Simply show The Liberty Dollar to your family, friends and businesses where you shop and sponsor at least two Redemption Centers. When just 5% of the population (approx. 14 million) become RCs, the current fraudulent, immoral, fiat government money will capitulate. Certainly, spending \$250 to become a Redemption Center, getting \$100 back in Liberty Dollars, sponsoring two RCs and making \$200 is better than giving \$250 to any political entity. The single, most helpful thing you can do is sponsor a RC and help build NORFED towards success. So in these "good times" we are simply interested in identifying the "Choir". Please don't try to talk anyone into the currency. Just show it them and if they reveal themselves as part of the "Choir" then sponsor them as a Redemption Center. If not, move on.

Want to make even more money and do greater good? Get 100 Silver Libertys at \$7.50 each and use them at the Face Value of \$10.00. You make 25%!

Please note that several words have special significance:

- REDEMPTION: You are NOT required to redeem the Silver Certificates for Silver Libertys. If you get a redemption request, direct them to call the toll free phone number on every Silver Certificate.
- LEGAL TENDER: The Currency has been acknowledged to be legal by the US Department of the Treasury. But it should never be described as "Legal Tender" which is a nice way to say: forced government plunder.

- INFLATION: In direct competition to the government's thief of people's value by diluting their currency, The Liberty Dollar is "inflation proof".
- COIN: It is something issued by a government. NORFED's Silver Liberty should not be referred to as a coin. Simply call it a "Silver Liberty"
- BILL: Is a debt instrument. NORFED's currency should not be called a Bill because it is a value-backed Silver Certificate.
- SELL: The Currency is not sold. It is exchanged for dreaded Federal Reserve Notes and as such is not subject to sales tax.
- NOTE: It is the same as a Bill, a debt instrument. ALDs are not notes.

Most importantly: You can use any currency you please. Please enjoy yourself and protect your future with The Liberty Dollar. Just becoming a Redemption Center is noteworthy. Now it is up to you. The future of the country is in your hands. Thank you.

## **APPENDIX "B" The Rest of the Nick Jesson Story:**

AS PAUL HARVEY WOULD SAY...THE REST OF THE STORY -  
 UNBELIEVABLE

By Nick Jesson

NTD Electronics  
 Friday, June 15, 2001 02:50:45 EDT  
[www.nomorefakenews.com/](http://www.nomorefakenews.com/)

On May 2, 2001, 25 F.T.B. Agents came into my office. They did not knock, or announce who they were. They STORMED through our office doors with GUNS pointed at each of the 18 workers there, YELLING, "move away from your desk, and you will not get HURT"!!!

Three Agents broke through my wife's office, and all three held guns to her head. My wife is 4'10' and 95 pounds, yet the F.T.B. felt that it took three of them with guns drawn, to make sure she didn't hurt any of those poor weak F.T.B. Agents.

Even with guns pointed at her head, and having her life in danger, she still had the courage to ask who they were. Their answer was they didn't need to tell her! Also, she asked if they had a search warrant, once again she was told they didn't need to give her a search warrant.

This started at 8:45 Am and lasted until 10:55 Pm.

At 9:00 Am, I drove up to my office in shock to see the people from my office being lead out of the building with guns at their heads!.

Around 9:30 Am, the F.T.B. went to my home and raided that also. I had asked them to at least let me call our Nanny because she was there alone, with her 3 year old son. I was informed that that was not possible! So I told them not to pull their same TERRORIST ATTACK at my home, as they had done at my office.

When the F.T.B. arrived at my home they did knock, however, the Nanny didn't understand who they were, and would not open the door, so they broke the door in.

While all of this was going on, the Huntington Beach, and Fountain Valley police, just stood there, and watched as the Agents performed their TERRORIST ACTS!

After I arrived, I asked ED WILSON for a copy of the search warrant, his statement was that he didn't need to give it to me! However, after more than one hour, and asking at least 10 times, Agent WILSON handed me the search warrant.

By this time the HUNTINGTON BEACH, and FOUNTAIN VALLEY police, had left. As I read the warrant I noticed that the date for the search warrant was for MAY 1, 2000, yet they were raiding us on MAY 2, 2001. Right away I demanded that they leave until they could return with a valid search warrant. Agent WILSON just laughed, and walked back into my office. So I called the HUNTINGTON BEACH police, and asked them to return, and stop the crime that was going on at my office.

HUNTINGTON BEACH sent over one officer. I asked him if HUNTINGTON BEACH had seen this search warrant before helping the F.T.B. with the raid. His answer was he didn't know. At that time I pointed out that the search warrant was over one year old. Search warrants are ONLY good for 10 days. The officer informed me there was nothing he could do because it wasn't his search warrant!

For the next 14 hours a few of us just sat in the parking lot and watched as these terrorists stole 289 items from my office. I had even called the Orange County Sheriff to come and help us. I was told they would send someone, yet not one person came to our aid.

I was so upset that it wasn't until the next day that we noticed that the search warrant didn't even have my office ADDRESS on it! Nor was there even a description of my building! The only address and description on the search warrant was for my home!

By MAY 9th, 2001, I had filed my ex-parte Motion to quash the search warrant in violation of my 4th amendment rights. As JUDGE JAMES P. MARION took the bench he stated that this was not a hearing because

he didn't know if he had the right to quash the search warrant. What a LIE!!! He is the one that signed it!! SO once again we came back on MAY 14th 2001 to be heard again. Once again the JUDGE stated that this was not a hearing, and that just the day before Agent WILSON came in with his own ex-parte Motion to get a 30 day extension. We were not informed of that motion at all! JUDGE MARION granted the 30 day extension, without my attorney being there to argue the issue. (Note, section 1534 states, that after serving the search warrant it SHALL BE FILED WITH IN 10 DAYS, not 48 days later!).

As of JUNE 9th, 2001 no charges have yet to be filed, nor has the search warrant been filed.

Each time we have been in Court we were told that because I was not a defendant, that my 4th Amendment rights had no bearing. Well if the JUDGE would read the 4th Amendment, he would see that no where does it state that our 4th Amendment doesn't apply unless you are charged first! If this were the case, then that would mean that the government could come into every Citizens home, at any time, without a search warrant, steal your belongings and keep them forever, or until they file some sort of charges!

### **THIS IS THE REST OF THE STORY.....**

What was the F.T.B. after? Well, after 30 days of my own research, here's what I have found out. My ex-CFO was on a 10 year probation, which I didn't know until a few weeks ago. This CFO had stole over \$400,000.00 from people in their 70's to 80's. She had been sentenced to 10 years in jail, yet did only 402 days at the county jail, and then put on a 10 year probation.

On MARCH 15th 2001, the probation officer BRUCE MOORE raided her place, and her boy friends place, because she had stopped paying back the money she promised to pay back.

After going to court she was told she must come up with \$376,000.00 by JUNE 28th or go to prison for the next 8 years. So she made a deal with the D.A.. She told them that she could show the I.R.S. that we had under reported what our company made in 1997, 1998 and 1999. However I was on to their game a few weeks before the raid. The I.R.S. had sent a letter to my ex-CFO by mistake to my office. So I called the I.R.S. Agent DAVID VAN DYKE and asked why he was sending information on my company to this CFO. His response was that I had given her Power of Attorney, I told him that was not the case and to please fax me a copy of the power of attorney.

Not until three days latter did I receive the fax. Right away I knew that they were fake. Agent VAN DYKE asked me how I knew they were fake. I told him that the Power of Attorney was for the period from

1995 though 2000. Agent VAN DYKE said so what, I told him that this CFO didn't start working here until late 1999, so there was no way that she had power of attorney for those years. Plus I told Agent VAN DYKE that I had a civil law suit, and criminal charges, filed against her for grand theft!

At this point the I.R.S. knew that THEY could not come in here, so they apparently handed it down to the F.T.B. to come in and raid us.

Then on JUNE 1st, 2001 I went to the I.R.S. building and asked for my IMF file. After reading it once again, I was shocked, the file had been changed!!! Someone at the I.R.S. had changed my file to show that from 1995 though 1999 that I had given someone Power of Attorney to go into my files.

How do I know? Well even though the F.T.B. stole my IMF files from my office, which I had run in 1998 and 1999, they didn't know that what they stole were only copies. I had the ORIGINALS off-site. Now the originals show for the years 1995 though 1999 that NO ONE had Power of Attorney! Which means someone at the I.R.S. had to go in and change my files, so that this ex-CFO could look at my files, and help the I.R.S. doctor up my files, so then she can get off doing her 8 years in the state prison!! ( The I.R.S. will pay any informer 10% of whatever they find.) The only way they can find anything is if the I.R.S., AND the ex-CFO, doctors up my files. What they don't know is that from 1987 thru 1998 we always had an out-side C.P.A. do my returns!

Now, I know you are wondering, why all of this is happening to me. The answer is because I have been working on proving who really owns the Federal Reserve. 90% of Americans believe that it is owned by our Government. This is not true at all, however that is what the Government wants us to believe.

CONGRESSMAN McFADDEN in 1939 started Hearings to prove the same thing I'm trying to prove. One year later he died. PRESIDENT KENNEDEY in 1962 started printing United States currency, instead of Federal Reserve Notes. Less than a year latter PRESIDENT KENNEDEY was shot! There are many other people that try to show who really owns the Federal Reserve, each one of these people are now dead.

I have tried hard to get any news media to air this, yet not one will do it. So you are my last hope. If this can happen to me, then who is next? We are only trying to redress Government, and have harmed NO ONE, yet this ex-CFO has stolen from 40 people that will never be able to get their money back! To me this only shows the American people that our government is willing to let MORE people be harmed by this ex-CFO, in a trade off to keep me from redressing

Government.

I pray with all my heart, and soul, that you will help, not only me, but the rest of our country, by airing this story, so the American people will see the truth about how our system has become corrupted.

I have two small boys, one age 6 and one age 9. They were so upset the next day that the 9 year old could not even go to school. He has not missed even one day before this happened. Plus each year the children that do not miss any days of school end up with an Award. Derek, which is the 9 year old, was so hurt that he now would not end up with his Award, that he had worked so hard to get, could not sleep well until I went and spoke with his teacher to let her know what had happened. Bless her heart, she will still give Derek the Award.

In the year 2000, I gave \$250,000.00 to our Christian school and church, another \$5,000.00 to CHOC HOSPITAL, which is the hospital that helps children, \$5,000.00 to the Orange County Sheriff's department, \$70,000 to a friend that was losing his home, plus the three different sports that I Coach each year, I bought over \$25,000 in sporting equipment which each child gets to keep.

There are so many more, but this is enough to let you know that I'M trying to help, not only our children, but our country also.

So please, help me get the word out. Don't sit by while evil men do evil things!
